SCOPES HEALTH

SCOPES Business Development & Marketing Scope

Building Qualified Referral Partner Growth for California Personal Injury Law Firms

Prepared by **Ali Elsherbini**

Marketing & Business Development Coordinator

CORE MESSAGE

Built to Deliver Qualified Referral Partners

Business Development & Marketing exists to **deliver qualified referral partners** to the company.

We **do not replace** SCOPES internal operations.

We **understand operations** to communicate value, handle objections, and grow referral relationships.

OUR OWNERSHIP

Business Development & Marketing

Acquire · Qualify · Activate · Retain · Grow

Builds the market, the pipeline, and the partner relationships.

SCOPES-OWNED · WE REFERENCE

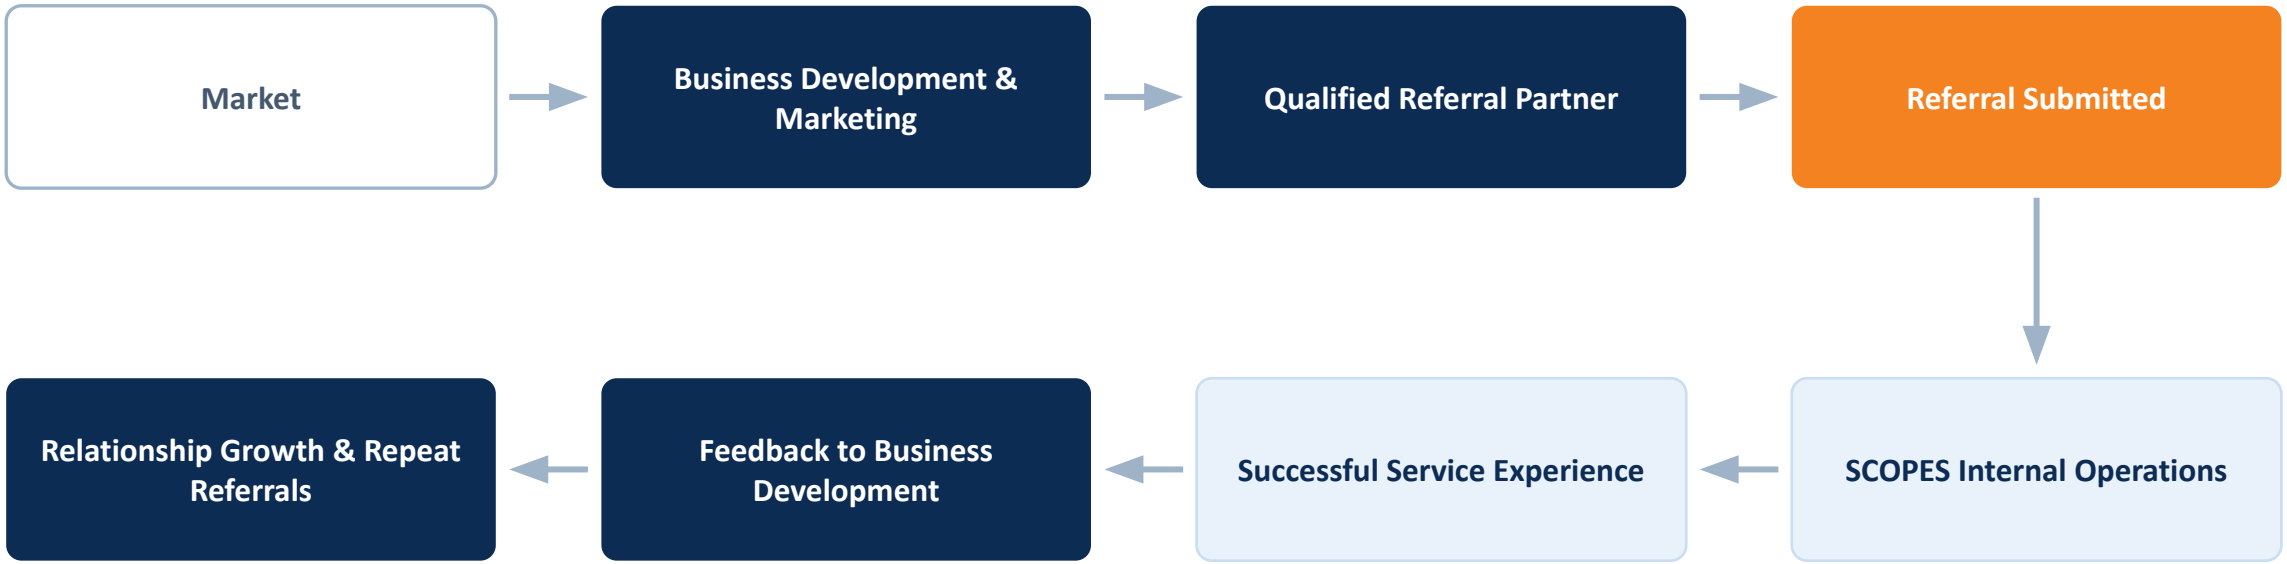

SCOPES Internal Operations

Onboard · Book · Treat · Document · Bill · Manage Liens · Collect

Delivers the patient and partner service experience.

END-TO-END VIEW

The Complete Business Flow

> *Our responsibility is focused before and around referral-partner growth.*

Business Development & Marketing Referral hand-off SCOPES Operations Market

LAYER 1 · OUR OWNERSHIP

Business Development & Marketing

Five connected pillars, one outcome — qualified referral partners.

01

Market Intelligence

- Law-firm research
- Segmentation
- Targeting
- Prioritization

02

Positioning

- Value proposition
- Differentiation
- Messaging
- Proof points

03

Business Development

- Outreach
- Discovery meetings
- Objection handling
- Agreements

04

Marketing

- LinkedIn
- Email sequences
- Website
- Campaigns

05

Partner Success

- Activation
- Follow-up
- Retention
- Account growth

LAYER 2 · SCOPES-OWNED · FOR OUR REFERENCE

SCOPES Internal Operations

The value-delivery engine behind every referral we bring in.

Intake & Scheduling

- Referral intake
- Booking
- Scheduling
- Patient communication

Care Delivery

- Telemedicine
- Physician services
- Facility services
- Anesthesia services

Documentation & Billing

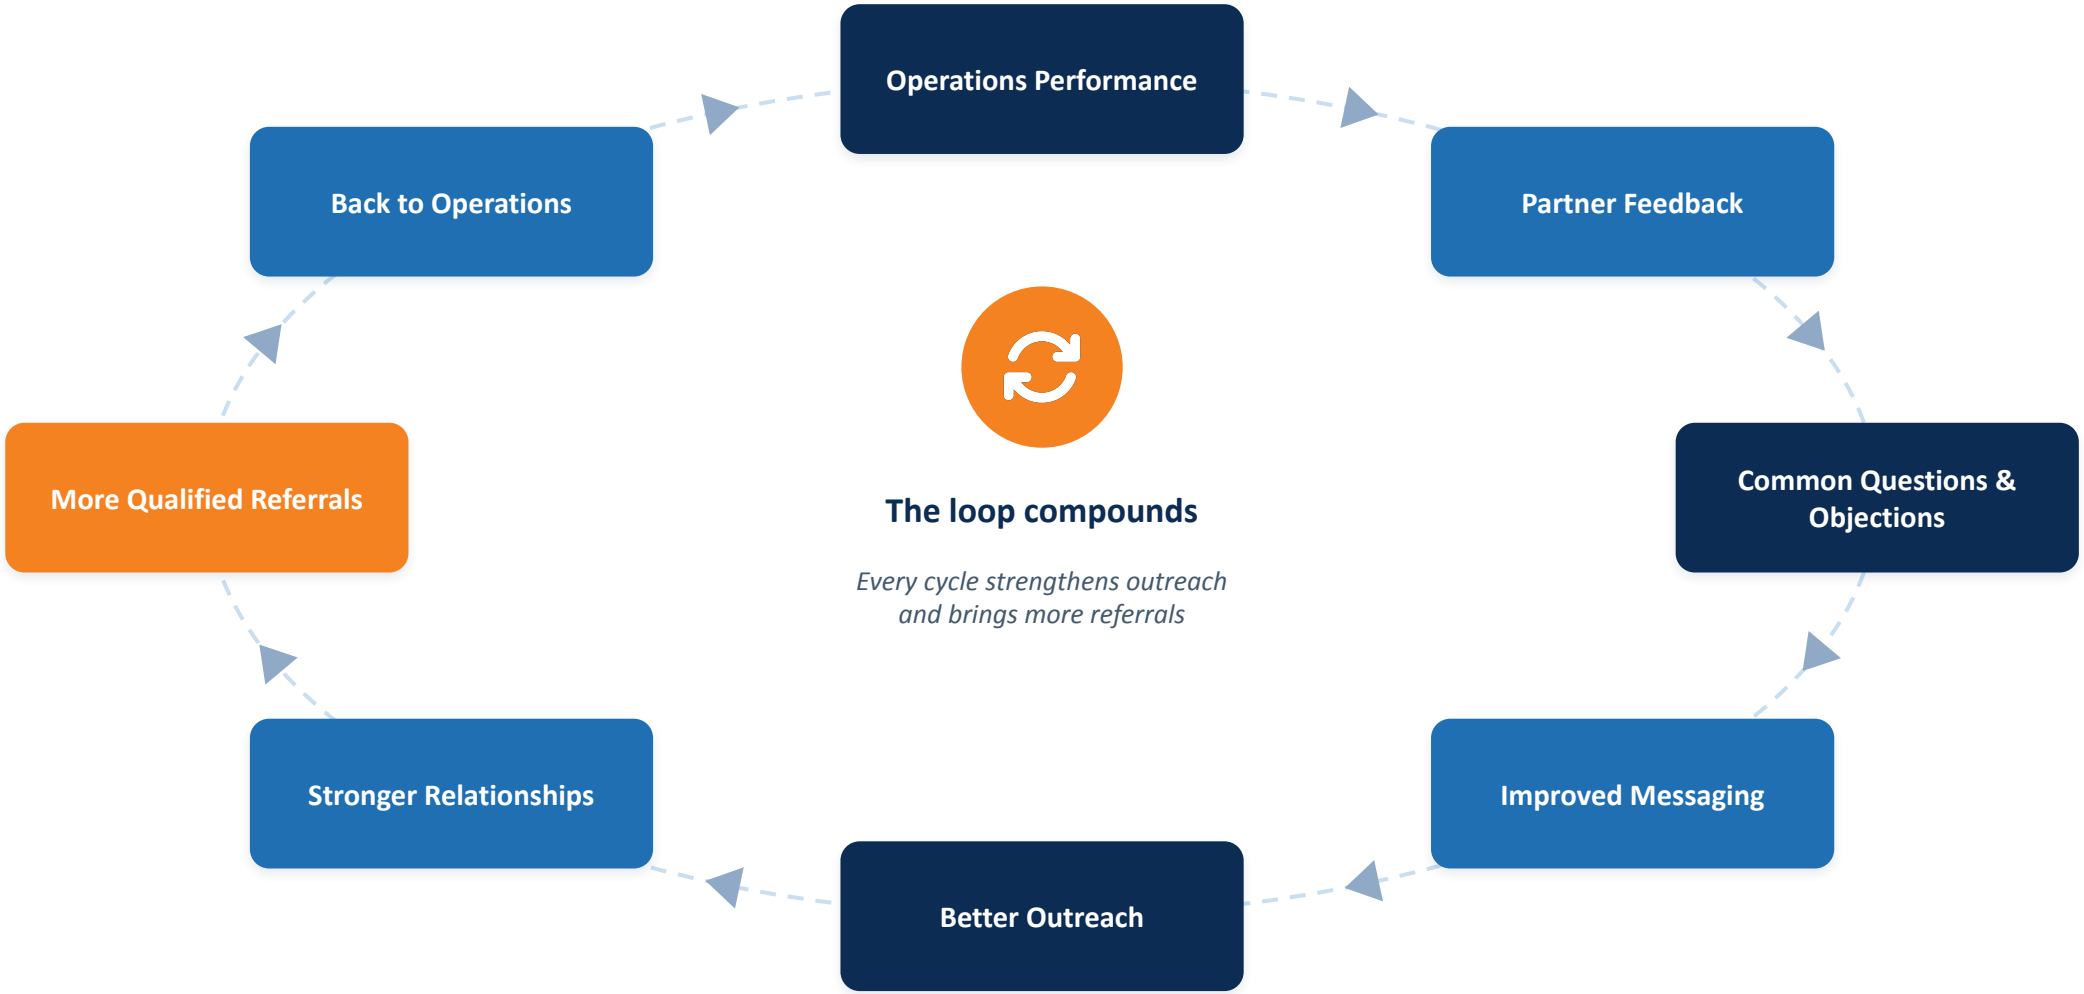

- Documentation
- Billing

Lien & Recovery

- Lien management
- Lien negotiation
- Lien reduction
- Collections

> *These are internal value-delivery systems. We understand them to communicate SCOPES's advantages accurately.*

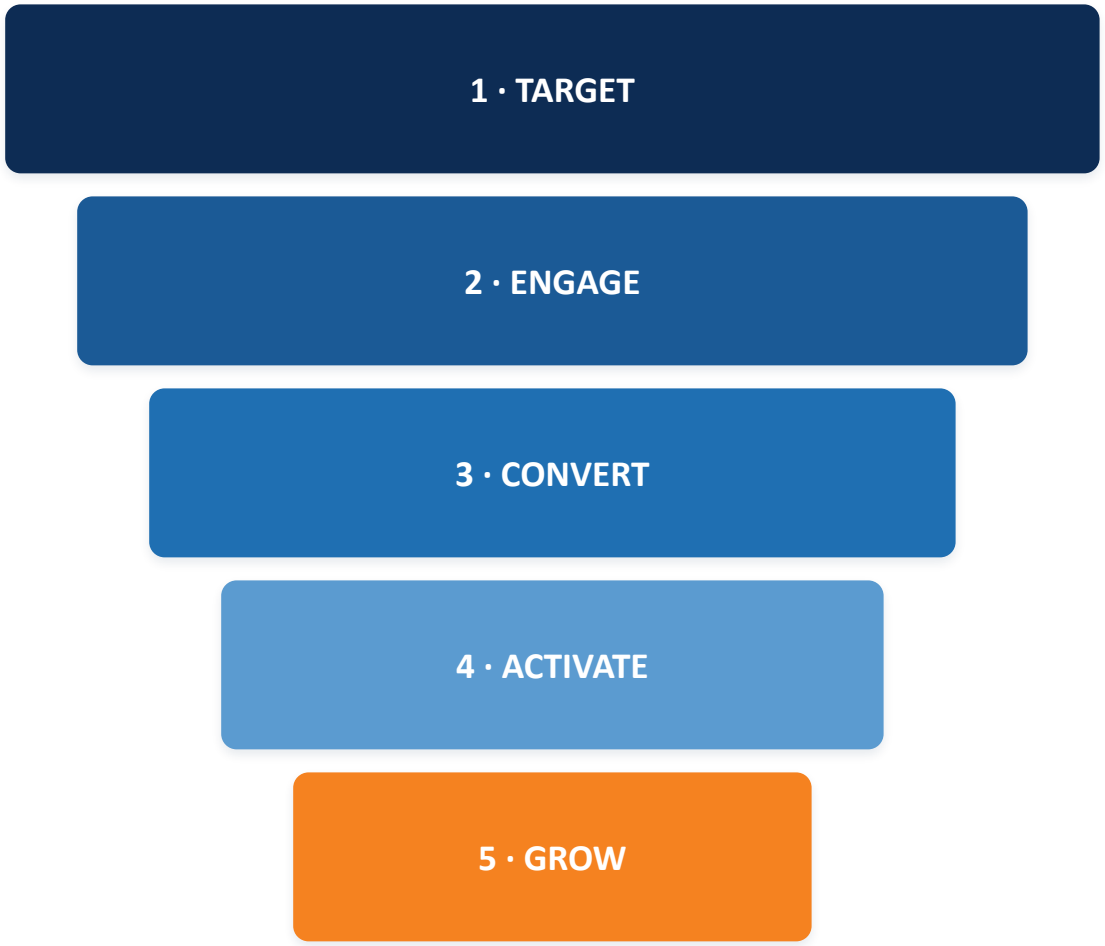

Growth Feedback Loop

OUR PIPELINE

The Business Development Funnel

17 owned stages — from market research to advocate.

- Market Research → Target Law Firm → Qualified Account → Decision Maker Identified
- Outreach → Engaged Contact → Discovery Meeting
- Needs Assessment → SCOPES Value Presentation → Objections Handled → Partnership Agreement
- Referral-Partner Onboarding → First Referral → Active Referral Partner
- Growing Account → Strategic Account → Advocate

POSITIONING

What We Are Actually Selling

*We are **not simply selling** telemedicine, physician appointments, facility services, or anesthesia services.*

SERVICES · PROOF OF VALUE

- Telemedicine
- Physician appointments
- Facility services
- Anesthesia services

Each service is proof that the partnership works.

THE CORE OFFER

We are selling

A trusted and dependable Personal Injury healthcare referral partnership.

VALUE PROPOSITION

Reference material that keeps our messaging accurate — not our operational ownership.

SCOPE DEFINITION

Final Scope Definition

Business Development & Marketing

The Business Development and Marketing department is responsible for building the market, identifying qualified law firms, creating awareness, generating opportunities, developing relationships, activating referral partners, managing accounts, and growing referral volume.

SCOPES Operations

The SCOPES operational team is responsible for receiving and handling the referred partners and patients through its existing systems.

Our Role

Our role is to deliver qualified referral partners to SCOPES, support the relationship, communicate the company's competitive advantages, and create a continuous growth loop between market acquisition, partner experience, operational performance, and account growth.

NEXT STEP

Recommended Next Step

Before execution, we should align on:

1. Official scope ownership
2. Referral-partner qualification criteria
3. Review and approval workflow
4. Document library location
5. First priority segment
6. Telemedicine positioning for law firms
7. KPI framework

Once aligned, we can move from scope definition to execution.
